

September 2016

A Note From Our Office

We would like to remind everyone of the services that we offer. We are the leading cancer treatment practice in Southern Maryland and pride ourselves on the treatment we provide and relationships that we build with our clients.

Some of the services we provide include:

- Remicade Infusions
- Immunoglobulin Therapy (I.V.I.G.)
- Breast Cancer Treatment
- Lung Cancer Treatment
- Ovarian Cancer Treatment
- Anemia Blood Disorder Treatment
- DVT (Blood Clots) Treatment
- Sickle Cell Disease Treatment

Please head over to our [website](#) to view the full list of the cancer and blood disorders we treat.

-Dr. Meelu

National Childhood Cancer Awareness Month

September is Childhood Cancer Awareness Month

Reports show that there are over 15,000 children under the age of 21 that are diagnosed with Cancer each and every year. Help us honor this occasion and pledge your support by doing one of the following things.

1. Make a donation to your local Make-A-Wish foundation, monetary donations are always welcomed.
2. Make a home cooked meal for families of children with Cancer, there is nothing like a home cooked meal.
3. Sign up and participate in the Baltimore St. Jude Walk/Run to End Childhood Cancer on September 26th. [Visit St. Jude's Website to sign up.](#)

T-Shirts for Sale!

We currently have t-shirts for sale in our office. This item feature the different ribbon colors and which type of cancer they are associated with. All proceeds from sales go to Fighting All Cancer Types (F.A.C.T.). T-Shirts are \$20.00 each.

To purchase a t-shirt, please email FACTCANCERCharity@yahoo.com or call 301-396-9215.

DID YOU KNOW?

TODAY, UP TO 75% OF CHILDREN WITH CANCER CAN BE CURED. SOME FORMS OF CHILDHOOD CANCERS HAVE PROVEN TO BE SO RESISTANT TO TREATMENT, IN SPITE OF RESEARCH, CURE IS ILLUSIVE.

HIGH QUALITY CANCER & BLOOD DISORDERS CARE

CLOSE TO HOME

Serving Southern Maryland
for Over 20 Years

Cancer and Blood Disorders Treatment Center primarily deals with the medical oncology part of cancer treatment which includes chemotherapy, immunotherapy and related services to cancer patients along with treatment of blood disorders. We routinely provide and advise about screenings, diagnosis, diagnostic procedures, surgical and radiation therapy options, pain control and palliative care as well as second opinions.

Our infusion center is also doing intravenous therapies used in other diseases like Ulcerative Colitis, Crohn's Disease, Rheumatoid Arthritis, Port-a-Cath & Pic Line Catheters Care when patients are referred by other physicians treating these conditions.
